PortTechnology

Journal / Editorial Content Plan 2025

	 JANUARY	 FEBRUARY	 MARCH
JOURNAL THEME	Fighting Threats at Sea	Port Technology Summit – North America	Container Terminal Automation Conference Europe
SUGGESTED TOPICS	• Best practices in safety culture • Compliance with security standards • Container security and tracking • Data security and cyber threats • Innovative safety technologies • Inspection and screening of cargo • Risk management strategies • Safety-first culture • Smart technology to boost security • Threat detection • Training and certifications	• 5G • Artificial Intelligence • Automating infrastructure • Big Data in Ports • Cybersecurity • Digital Twin • Future-proof infrastructure • Internet of Things • Network Connectivity • Optimisation solutions • Software automation • Standardisation	• Artificial Intelligence and Machine Learning • Automating infrastructure • Automation in reducing emissions • Digital Twin technologies • Software automation • Standardising automated systems
PTI EVENTS		Port Technology Summit North America 2025 4 - 6 February 2025, Norfolk, Virginia, USA	Container Terminal Automation Conference 2025 1 - 2 April 2025, Valencia, Spain

Journal / Editorial Content Plan 2025

JOURNAL THEME

Intermodal Container Terminal Conference

GreenTech for Ports and Terminals

Digital Ports in Motion

SUGGESTED TOPICS

- Addressing bottlenecks in ports, rail, and road systems
- Carbon footprint reduction strategies
- Data standardisation
- E-commerce
- Last-mile delivery
- Modal integration
- Trends in intermodal freight transport

- Decarbonisation strategies
- Digitalisation to aid decarbonisation
- Future fuels
- Green shipping corridors
- Greentech implementations in major ports
- Shore power
- Sustainable port infrastructure

- 5G
- Artificial Intelligence
- Automating infrastructure
- Big Data in Ports
- Cybersecurity
- Digital Twin
- Future-proof infrastructure
- Internet of Things
- Network Connectivity
- Optimisation solutions
- Software automation
- Standardisation

PTI EVENTS

Intermodal Container Terminal Conference 2025
23 - 24 April 2025, Dusseldorf, Germany

Greentech for Ports and Terminals Conference 2025
29 - 30 April 2025, Gothenburg, Sweden

Journal / Editorial Content Plan 2025

	 JULY	 AUGUST	 SEPTEMBER
JOURNAL THEME	Navigating Challenges	Vessels of the Future	Container Terminal Automation Conference – Asia
SUGGESTED TOPICS	• Evolving trade routes • Market shifts and geopolitical challenges • Growth opportunities in a post-pandemic shipping world • Leveraging technology to overcome global shipping disruptions • Transforming shipping operations for the future • Shipping alliances landscape	• Electrical power • Fuel innovation • Green cargo handling equipment • Key decarbonisation strategies in ports and shipping • Reducing emissions through digitalisation • Regulatory and compliance challenges facing next-gen vessels • Renewable fuels • Smart ship technologies • Sustainable shipbuilding	• 5G • Artificial Intelligence • Automating infrastructure • Big Data in Ports • Cybersecurity • Digital Twin • Future-proof infrastructure • Internet of Things • Network Connectivity • Optimisation solutions • Software automation • Standardisation
PTI EVENTS			Container Terminal Automation Conference - ASIA 2025 8 - 9 September 2025, Kuala Lumpur, Malaysia

Journal / Editorial Content Plan 2025

			
JOURNAL THEME	AI Revolution	Smart Digital Ports of the Future	Charting 2026
SUGGESTED TOPICS	• Balancing automation with the human workforce • Real-world applications of AI in improving operational efficiency • Regulatory frameworks for the use of AI • The future potential of AI to optimise supply chains end-to-end • Transformative AI implementations in logistics	• 5G • Artificial Intelligence • Big Data in Ports • Cybersecurity • Digital Twin • Innovative technologies • Internet of Things • Network Connectivity • Optimisation solutions • Standardisation	• Embracing innovation to prepare for 2026 • Insights from industry experts on challenges and opportunities ahead • Key milestones and transformative developments from 2025 • Predictions for major trends and disruptions in 2026 • Strategic recommendations for industry stakeholders to stay ahead of the curve • Trends shaping the maritime industry
PTI EVENTS		Smart Digital Ports of the Future 12 - 13 November 2025, Antwerp, Belgium
